

**be different.
make a difference.**

Solutions for Oil & Gas Industry

Project References

Well-site support and maintenance

Mobile cementing & pumping unit

- oil field various ambient conditions
- cooling working hydraulics
- semi-mobile application
- 11cm³ hydraulic fan drive

Project References

Well-site support and maintenance

Cooling working hydraulics on site

- Cooling drilling head drive
- hydraulic fan drive
- optional offshore protection

Project References

Well-site support and maintenance

Well-site chemicals

- pump drive units
- hydraulic filtration & cooling
- anti-static for configuration

Project References

Fracking equipment

Hydraulic drive for dosing pumps to support fracking operations

- oil/air cooler TT 25
- 5 bar internal bypass
- 24V DC configuration

Project References

Marine and offshore support & service

AHC crane maintenance evolution 800 and MPSV (unit, ...) update

- compact maintenance valve 4" (NG100)
- flexible expansion joint for suction line SDKSS090 NBR/CR
- optional limit switch

Project References

Refinery and energy supply

Durable and high resistant connection and mounting solutions

- pump drive vibration control
- flexible expansion joints
- optional break-safe designs

Project References

Tanker truck / aircraft refuelling vehicles

H-Cube for fuel pump drive: modular system with tank, cooler and filter

- hydraulic unit with pressure relief valve
- compact mount to truck chassis
- adjustable hydraulic drive with anti static fan
